Blue Alley Blows! Bewitching Blast Baffles Bystanders

**City's Cloaked
Coterie to Convene at
Cassalanter's Casa**

Victoro and Ammlia Cassalanter to host an exclusive soiree. The guest count is limited to 100, plus some "special guests" they say. Though billed as a masquerade, guests are instructed to arrive bare faced. They'll be given specially selected theme masks upon arrival, fit for the mysterious theme of the evening. Renowned for draining joy from any gathering, the Cassalanter seem to have turned over a new leaf. "It's like they're entirely different people," said one source. "I even saw them hug their children." Snagged an invite? See Page 4: This season's style do's, don'ts, and absolute disasters to avoid.

The mysterious waterdeep novelty, blue alley, has erupted! Witnesses of the event claimed to have seen five individuals fleeing the alley as magical smoke billowed from its entrance. The smoke has lingered with no sign of it dissipating. Residents are advised to avoid. Exclusive interview with former inhabitants of the alley, Chëtt and Chèt on page 2!
